

Xerox Security Bulletin XRX15-005

Cumulative update for Common Criteria Certification

v1.0

06/11/15

Background

The System Software Version listed below for the WorkCentre 4265 contains cumulative updates that incorporate security vulnerability fixes up through 30 September 2014 as well as other non-security related defect fixes. This release is Common Criteria certified (see <http://www.xerox.com/information-security/common-criteria-certified/enus.html>).

The system software release for the product listed below is designed to be installed by the customer. Please follow the procedures contained in the bulletin to install the solution. The system software version is a full system release so the patch criticality rating is not applicable.

This software release is compressed into a zip file and can be accessed via the link below or via the link on www.xerox.com/security.

WorkCentre 4265 http://www.xerox.com/downloads/usa/en/w/WC4265_V50.000.90.001.zip

Applicability

The system software release applies to network-connected versions only of the following products:

WorkCentre®

4265

Install Instructions

Summary of versions and actions:

- Determine the current System Software version or ESS Controller Version on your device for the affected product by printing a Configuration Report following the instructions for printing a Configuration Report in the applicable System Administrator Guide.
- Based on the current System Software version or ESS Controller Version on your device, determine from the table below what action(s) , if any, have to be taken before this release can be installed.
- Perform the indicated action(s) to get your device ready to install this release.
- Once your device is ready to install this release, follow the instructions after the table below under [Release Installation Methods](#) to install this release.

For WorkCentre 4265

	If Your Software Version Is System SW Controller	Ready for Release?	Next Step:	System SW / Controller Will Now Show:

2	50.000.90.001	This version of software is currently installed	N/A	50.000.90.001 / V2.50.99.01
3	Greater than 50.000.90.001	No	Contact Xerox Technical Support to have device downgraded to 50.000.90.001	50.000.90.001 / V2.50.99.01

Release Installation Methods

This release can and should be installed by the customer. There are a variety of methods available for this.

- Send an Upgrade file to the device using the device web page for Machine Software Upgrade method.
- Upgrade a single device using an LPR command.
- Upgrade several devices using a batch of LPR commands.
- Use XDM and CentreWare Web to send Upgrade files to several devices.

For additional information on the above methods, refer to Customer Tip "How to Upgrade, Patch or Clone Xerox Multifunction Devices" (<http://www.office.xerox.com/support/dctips/dc06cc0410.pdf>).

Machine Software (Upgrade) Method

- 1) Extract the applicable file (**WC4265_V50.000.90.001.hd**) from the applicable zip file (**cert_50.000.90.001.zip**).
- 2) Open a web browser and connect to the multifunction device by entering the IP number of the device.
- 3) Select the "Index" icon in the upper right portion of the screen.
- 4) Select "Manual Upgrades"
- 5) Enter the User Name and Password of the device.
- 6) Under "Machine Software" select "Upgrades" click the "Enable" box, and click on the "Apply" button to save the change.
- 7) Under "Machine Software" click on "Manual Upgrade"
- 8) Under "Manual Upgrade," select the Browse button to find and select the applicable file (**WC4265_V50.000.90.001.hd**).
- 9) Select the "Install Software" button.
- 10) All WorkCentres will automatically reboot in order to install the release. The release is installed when the system software version shows the new system software version number.
