

Mini Bulletin XR17Y

Xerox® WorkCentre® 5325/5330/5335

SPAR Release 53.33.62

Bulletin Date: August 31, 2017

Purpose

This Bulletin is intended ONLY for the specific security problem identified below. The problem identified has been rated a criticality level of **IMPORTANT**.

Includes fixes for the following:

- Provides a set of Feature Enablement Keys to Enable/Disable TLS Versions 1.0 and 1.1. With an enable and disable key for each setting, the admin can control TLS version 1.0 and version 1.1 independently, providing for maximum flexibility. TLS v1.2, being the highest version supported, will always be enabled on this device.

Software Release Details

If your software is higher or equal to the versions listed below no action is needed.

Otherwise, please review this bulletin and consider installation of this version.
